Subject: Conditional Use Application No. 851-19-0000105-PLNG

Good morning:

During the Commission meeting of September 4, 2019 there was testimony regarding the proximity of Sears Lake, a small fresh water lake, to the Applicant's property at Parcel 3200. This testimony shared a concern the Applicant's photo and graphic materials managed the focus and perspective in such a way the short distance between the Applicant's site and Sears Lake could not be properly considered by the Commission by reviewing only the Applicant's exhibits. I have posted a short video (01:10 in duration) in support of this testimony on my photo website.

I respectfully request this email message, the link provided herein and the video content so posted at said link be included in the record for the Commission's review of this Application.

Link to video referenced herein: <https://eruttledge.zenfolio.com/p50792025/hd62dfedf#hd62dfedf>

Thank you for your attention to this request.
