Timothy James Bates Same spot for several times within two or three years. Hmmmm, could be new faultline.

5d

LisaRenée SnowFlower Davis Hmmmm this one and the one in San Diego were not far apart

5d

National Tsunami Warning Center ✓ Coincidence! They are much too small and too far apart to have any effect on each other.

National Tsunami Warning Center Stacy, not sure if this makes you feel any better but this is Dr. Nathan Becker's animation of 40 years of seismic activity in the Pacific Northwest. There's quite a bit of activity off the coast in the Blanco Fracture Zone which is where these recent ... [See More](#)
