Re: Edge Cable Holdings USA, LLC (Case # 851-19-000105 PLNG) – Confirmation of 150 Day Extension

Dear Sarah:

I am writing on behalf of the applicant in the above-mentioned case, to clarify and confirm that the period of time from September 6 through October 24, is hereby excluded from the 150 period in ORS 215.427(1), because the applicant requested a continuance during that period. As a matter of law, the applicant's requested continuance thereby extended the 150 period pursuant to ORS 215.247(5).

Specifically, this application was deemed complete by the County on July 3, 2019. The 150 period therefore began on July 4 and ran to and through September 5, (the 64th day) when the applicant requested a continuance at the Planning Commission hearing, to and through October 24. Pursuant to ORS 215.427(5) the 150 day period excludes any continuances requested by the applicant, and therefore excludes the applicant's continuance from September 6, to and through October 24. Pursuant to OSR 215.427, the 150 period began to run again on October 25 (the day after the Planning Commission's October 24 meeting). Currently, the Planning commission is scheduled to deliberate and vote on this application at its meeting on November 14. By my count, the 150 day period is currently set to expire on January 19, 2020.

Respectfully submitted,

Davis Wright Tremaine LLP
